

We are looking for an:

Apprentice IT Systems Technology (f/m/d)

3100 St. Pölten - Campus-Platz 1

40h

January 2026

IT and Infrastructure

With more than 4,000 students and 500 staff members, USTP – University of Applied Sciences (previously “Fachhochschule St. Pölten”) is a key player in the Austrian higher education landscape and one of the most important employers in the region.

- You are interested in computers, technology, and digital solutions?
- You are willing to familiarise yourself with new topics and learn more step by step?
- You are keen on helping others and finding solutions together?

Then this is the right place you!

Your tasks / What you learn here:

- Together with our IT team, you offer first-level and application support to staff members and students
- You manage and service hardware and software such as computers, printers, copiers, smartphones, media control systems, networks, etc.
- You assist colleagues in technical problems
- You get to know programming tools and simple programming methods as well as server systems and corporate IT landscapes
- You introduce staff members to the systems and help create training documents

What we expect from you:

- You have successfully completed at least nine years of schooling
- You are reliable, you like to work carefully, and you are interested in acquiring new knowledge
- You are sociable and work well in a team
- Independent working, personal initiative, and logical thinking come easily to you
- You are enthusiastic about technology and very interested in IT topics
- You have good German and English language skills

What we offer:

- Apprenticeship of four years (40 weekly working hours) with the option of completing it with “Matura” (Austrian university entrance qualification)
- **Apprenticeship wage** according to Uni-KV 2025: 1st year: € 1,042.60 / 2nd year: € 1,240.80 / 3rd year: € 1,467.40 / 4th year: € 1,806.80
- An exciting work environment with numerous benefits such as free parking, special leave days, further training opportunities, and on-site canteen
- A family-like and cooperative atmosphere in the team and networking with other apprentices at USTP

We at USTP – University of Applied Sciences St. Pölten (formerly “Fachhochschule St. Pölten”) consider the diversity of our team to be the key to innovation, success, and further development. Applications by women and non-binary persons as well as persons with a disability are particularly welcome and will be given preference in case of equal suitability. We explicitly encourage people with a migration background to apply.

We are looking forward to receiving your application via our [website!](#)
